

# Protozymes

*Natural Probiotic Support*

## Description

Probiotics are harmless living bacterium that helps to confer a benefit to the host.

A normal digestive system is one key essential to your overall health and keeping a good balance of good bacteria. Dietary habits, such as high fat or glucose intake, can cause changes in gut microflora populations.\*

Specially formulated with safety conscious and friendly bacterial species, Neways' ProtoZymes is a natural probiotic formula containing a prebiotic which acts as a food for good bacteria in the colon and probiotics providing beneficial bacteria, some of which, naturally found in your intestines.\*

## Benefits

- Protozymes™ provides probiotic bacteria
- Bacillus Coagulans (Ganeden BC-30™): A hardy, spore forming bacterial species
- Bifidobacterium lactis: A beneficial bacteria naturally found in the intestines

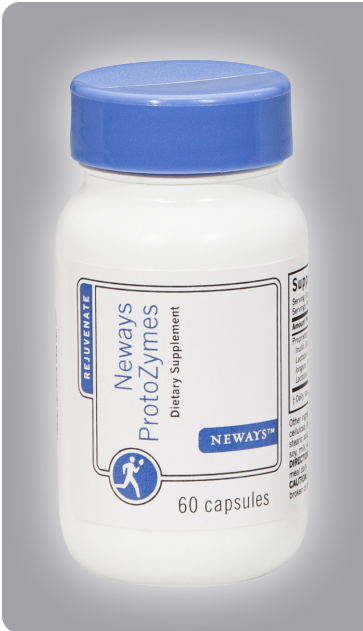

## Recommended Use

Take two caplets with a meal daily.

## Key Ingredients

*Bacillus coagulans, Lactobacillus acidophilus, bifidobacterium bifidum, lactobacillus casei, bifidobacterium longum, bifidobacterium lactis—probiotic ingredients. Inulin—A common prebiotic containing fructo-oligosaccharides (FOS)*
