

Maximol[®] SOLUTIONS

MAXIMOL SOLUTIONS[®]

Premier Dietary Supplement for Healthy Living

DESCRIPTION

In today's fast-paced world, getting the nutrients you need is more challenging than ever. What if you could take a single supplement to provide your body with a complex array of minerals, vitamins, amino acids, antioxidants, and more? What if all these nutrients were available in a convenient liquid formula?

For more than 10 years and with more than 25 million bottles sold, Neways' Maximol Solutions has provided a dietary source of essential minerals and vitamins for people around the world. Maximol Solutions is one of the world's leading trace-mineral formula, providing an abundant supply of minerals, along with vitamins and amino acids. Each day, thousands of people rely on Maximol Solutions to provide solutions to the missing elements of their diet.

MAXIMOL SOLUTIONS®

(continued)

- Supports normal vision*
- Supports physical recovery after exercise*
- Supports respiratory health*
- Supports normal learning and memory functions*
- Supports work and exercise performance*
- Pre-biotics promote colon health*
- Vegetarian-friendly formula*

KEY INGREDIENTS

Minerals—A sip of Maximol Solutions adds macro and trace minerals into your system to support your health with the Maximol Mineral Matrix.™ Maximol contains ionic minerals, which are

minerals in their smallest form, facilitating passage into body cells. Ionic minerals also carry an electrical charge, which make them powerful nutrients for general health and well-being.

Antioxidants—Maximol has an excellent high-ORAC formula. ORAC (oxygen radical absorbance capacity) is an industry-standard assessment for measuring antioxidant activity. Maximol's high ORAC value indicates antioxidant activity and ability to absorb free radicals. In Maximol, you get an amazing array of antioxidants from natural sources: blueberry juice concentrate, raspberry juice concentrate, beet juice, and high ORAC fruit blend (strawberry, European elder, bilberry, green tea, and orange peel extracts).

Amino Acids—These are essential building blocks your body needs to produce proteins and enzymes. Maximol is a great way to supplement your dietary intake of amino acids, which support the natural process of energy maintenance and recovery in the body.*

Pre-biotics—Formula includes fructooligosaccharides, which provide pre-biotic food for the friendly bacteria in the intestinal system.
