

Renew P.M.

Overnight rejuvenation for your skin

Description

Sleep is a time of renewal and revitalization for your entire body, including your skin. Renew P.M. for Normal Skin is a rich, safety-conscious cream formula that provides ample hydration and moisture for your skin's nighttime needs.

With a diverse selection of botanicals and natural oils, this nourishing formula includes vitamins, antioxidants, and essential fatty acids. Renew P.M. delivers moisture where your skin needs it most for a radiant, touchable complexion. In addition, this cream protects the skin with factors, which support your skin's resilient look.

The ingredients in this formulation send the right moisture to normal skin, fostering your skin's ability to appear recharged overnight. Dermatologist tested and approved, Renew P.M. features a fresh, natural, EU-allergen-friendly fragrance and no questionable ingredients, and it comes in a conveniently sized tube designed for one month's usage.

With Renew P.M. you'll awake each morning with skin that feels and looks well rested and refreshed.

Benefits

- Revitalizes normal skin with rejuvenating hydration, delivers moisture where it is needed, and forms a light barrier to support moisture retention
- Contains vitamins, antioxidants, and essential fatty acids, to provide skin with excellent moisture and lipid levels.
- Protects the skin and helps preserve skin's resilient look
- Sends the right moisture to normal skin, fostering its ability to appear recharged, replenished, and restored to a rested, healthy look during the night

Key Ingredients

- *Innovative synthesis of Silanetriol Lysinate and Helianthus Annuus (Sunflower) Seed Extract*—Sugars from our diet can negatively affect our skin complexion. Preserves the appearance of the skin overnight, leaving it looking less tired and sallow and improving vitality
- *Natural lipids*—This diverse selection of oils, including pistachio; meadowfoam seed; sunflower; shea butter; and exotic Inca Inchi, originally discovered in South America, condition and protect skin's moisture levels to reveal a supple glow
- *Vitamins E and B5*—Vitamin E is an antioxidant in the formula that also helps moisturize and protect the skin, while vitamin B5 is a humectant and emollient that improves hydration without oil
- *Squalane*—This skin-lipid mimicker creates a sense of suppleness
- *Dipotassium glycyrrhizate*—Derived from licorice, this compound helps calm and soothe the complexion while lightly conditioning the skin for a brighter, softer, and smoother look

Ingredients: Water (aqua), potassium olivoyl hydrolyzed wheat protein, cetearyl alcohol, isononyl isononanoate, cyclopentasiloxane, octyldodecanol, limnanthes alba (meadowfoam) seed oil, lauryl laurate, butylene glycol, dimethicone, pistacia vera seed oil, polyglyceryl-3 distearate, isohexadecane, silanetriol lysinate, betaine, plukenetia volubilis seed oil, squalane, panthenol, tocopheryl acetate, caprylyl glycol, mannitol, hydrogenated lecithin, xanthan gum, cyclodextrin, castanea sativa (chestnut) seed extract, glycogen, butyrospermum parkii (shea) butter extract, disodium EDTA, helianthus annuus (sunflower) seed extract, dipotassium glycyrrhizate, arctostaphylos uva ursi leaf extract, avena sativa (oat) kernel extract, fragrance (parfum), phenoxyethanol, chlorphenesin.

Directions: Apply liberally to clean skin. Gently massage into face and neck.
